

FERMA - Survey on Environmental Liability Directive Report

Total answers: 43

27 January 2010

FERMA (Federation of European Risk Management Associations)

FERMA brings together the National Risk Management Associations of 18 countries to form the **Federation of European Risk Management Associations - FERMA**. It represents over 4800 individual members and a wide range of business sectors from manufacturing to financial services, charities, health organisations as well as local government organisations.

Mission Statement

FERMA exists to support its members by coordinating and enhancing awareness and effective use of risk management, insurance and risk financing in Europe.

Strategic Objectives

1. To coordinate, promote and support the development and application of risk management in Europe
2. To be recognized as a significant stakeholder in the decision making process at the European level on Risk Management and Insurance issues

2. Size of Operation

[Create Chart](#) [Download](#)

		Response Percent	Response Count
Small (< 50 Persons express in annual work units and turnover is ≤ €10 million or Balance sheet total is ≤ €10 million)		2.6%	1
Medium (< 250 Persons express in annual work units and turnover is ≤ €50 million or Balance sheet total is ≤ €43 million)		7.7%	3
Large (Outside above criteria)		89.7%	35

<i>answered question</i>			31
<i>skipped question</i>			12

ELD - Section A - INSURANCE AND OTHER FINANCIAL SECURITY AVAILABILITY

Others:

- Internal procedures
- It is part of internal auditing of specified business processes
- Cash
- Third party financial guarantees
- Reserves under the balance sheet
- Also largely self insured

2. If you selected Insurance, what kind of insurance have you selected to cover your environmental liabilities?

[Create Chart](#) [Download](#)

	Response Percent	Response Count
Stand-alone operational risk environmental insurance policy that includes partial cover for Environmental Liability Directive (ELD) liabilities	10.3%	3
Stand-alone operational risk environmental insurance policy that includes complete cover for ELD liabilities	17.2%	5
Stand alone ELD-specific policy that offers partial coverage	17.2%	5
Stand alone ELD-specific policy that offers full coverage	6.9%	2
A policy that is part of, or an endorsement to, your General Third Party Liability (GTPL) policy and would cover ELD liabilities	79.3%	23

[Show replies](#) Other (e.g., Captive, self-insurance, etc.) Please describe.

answered question 29

skipped question 14

Others:

- Self insurance retention is also used with caps covered in the captives
- Self insurance
- Self-insurance, no clear analysis made yet
- Captive solution

3. Have you taken actions to obtain insurance or other financial security instruments to specifically protect against potential risk under the ELD?		Create Chart	Download
		Response Percent	Response Count
Yes		42.4%	14
No		57.6%	19
	Show replies If yes, please describe		10
	<i>answered question</i>		33
	<i>skipped question</i>		10

If yes, please describe:

- Not yet, we are in the process of investigating needs and possibilities
- Risk assessment to be conducted by an external service provider in order to define exposures and tailor insurance solutions accordingly.
- Negotiations with insurers
- For many of our activities ELD is compulsory in several states
- We have considered to buy additional insurance but decided not to buy.
- Discussion with brokers and insurers
- Still gathering information for decision
- Checked with legal department and insurance companies what's necessary to comply to ELD
- Regularly contact with insurers but not yet convinced that insurers have a stable, good and long term solution.
- We have started to look at the opportunities

4. If not, do you regard that your potential liability under the ELD will be fully covered by your current insurance policy?		Create Chart	Download
		Response Percent	Response Count
Yes		38.1%	8
No		61.9%	13

		Response Count
	 Show replies	19
	<i>answered question</i>	19
	<i>skipped question</i>	24

Replies

- Preventive measurements as far as possible
- Internal audits
- Each country has an environmental coordinator. However, the need to coordinate matter at international level is needed. New function to be created
- As of now we are still investigating the impact.
- We already had loss prevention standards aimed at protecting the environment
- Minimizing packaging water treatment
- Environmental audits are conducted on the annual basis
- Risks of the constructor, sub constructor and lending activities
- Plants of Manufactured Wood, Plants of Furniture Production, plants of Clothes Production, maintenance supply requirements for Department Stores and Warehouses, perform a risk analysis.
- The company already had measures to prevent environmental hazards before this law
- Our Environmental Department is doing an inventory and a action plan
- Periodic check of fuel tanks for the auxiliary generators
- Internal responsibilities and regular checks/controls; external advise and consultants
- Adapt our installations to legal required standards
- Actions are permitted by local authorities already.
- Within normal business-activities
- Audit

7. Do you know of cases (your company or otherwise) that that have arisen under Member State legislation transposing the ELD into national law? [Create Chart](#) [Download](#)

Reply: France and UK
 Biodiversity damage to land or water
 We have heard of three cases in the petro-chemical industry arising from pipeline rupture, discharge to a river and oil depot rupturing.
